It Changed My View of the World: Spanish-Speaking Parents Reflect on a College Preparation Workshop

WHEN
3-4pm, February 19, 2014

WHERE
401 School of Education Building
1300 Spring Garden Street

WHAT
Dr. Gonzalez will share observations from facilitating a 6-week college access curriculum with Spanish speaking parents in a nearby school district. Changes in the parents' perspectives were striking, but the experience also shifted the viewpoint of the hosting school staff members. Implications for cross-cultural and bilingual outreach, for working with immigrant families on educational topics, and for promoting college access for Latino youth.
